## SERVICE OFFERINGS

Lenovo® offers a comprehensive portfolio of services to support and protect your ThinkCentre® investment. Focus on your customers and business, not your IT.

### Keep Your Drive Services

Retains your hard drive or solid state drive and data in the unlikely event of drive failure.

### Imaging

Provides a customized image based on the needs of your organization, maximizing your hardware investment.

### Asset Tagging

Forms the foundation for a strong management program by providing information on your corporate assets. It reduces the risk of loss or theft of the valuable technology.

### Asset Recovery Service

Provides secure, documented disposition of your IT assets & data. It helps to mitigate the environmental and data security risks associated with end of life asset disposal.

### Priority Technical Support<sup>8</sup>

Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking, and rapid response and resolution.

### Warranty Upgrades – Onsite and Next Business Day

Maximizes PC uptime and productivity by providing convenient, fast repair service the next business day.

### Warranty Extensions (1-to-5 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
