

Work From Home with Great Deals on Business Grade Wi-Fi!

Available until 31st January 2021

Reseller Version

Super-Fast Wi-Fi that covers every room.

Working from home doesn't have to mean that your Small Business customers run less efficient business operations due to poor Wi-Fi. Aruba Instant On keeps businesses running with full support for video calling, securing data transfer and seamless connection of multiple devices. And it's easy to set up home coverage to suit networking needs and that of family members.

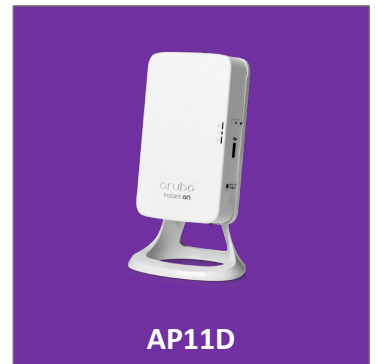

Choose the best access point bundle for your customers' needs:

With Aruba Instant On, you're set up for business-grade networking out of the box. It also brings you Smart Mesh capabilities, Gigabit Ethernet Uplink port, Application filtering and more. Choose from the following options:

- **Higher usage / Super-fast Wi-Fi 6:** Aruba Instant On recently announced the AP22 (wall/ceiling mount) Wi-Fi 6 access point delivering higher capacity & greater performance at a competitive price. Max data rate of 1.7Gbps.
- **Individual/family use:** AP11D (desk/wall mount) with 4 Ethernet connections or AP11 (wall/ceiling). Max data rate of 1.2Gbps.
